SUBJECT: Transmittal of draft copy of Section 64 HHS 14.

1. In response to your memorandum 479, dated 8 July 1958, we are forwarding you a draft copy of Chapter 64 of the Polish HHS. It has not been finally edited and approved, but can be used for background purposes. This is one of the GSI review copies they're finished with; up to this time we didn't have a copy to send you.

2. Work on the East German HHS is proceeding at the usual steady pace of these things. We appreciate the flow of documents you are directing to us and we will be able to use good material through December or even January 1959.
